Tickets

Confirmed accreditation allows you to participate in the events for visiting industry professionals, but does not automatically allow you to attend the performances.

In order to attend any performance within the schedule of programming, additional tickets must either be purchased in advance or at the box office of the respective performance venue. Successful accreditation does allow visiting industry professionals to purchase tickets to the performances in advance at a discounted price.

Tickets that have been purchased in advance at a discounted price can only be used when presenting a corresponding visiting industry professional ID. The visiting industry professional ID can be picked up from the information booth in the festival center upon successful accreditation.

Please note: we recommend purchasing tickets in advance!
